### 2009-2011 Secondary School Places Allocation

We have 34 students completed Primary Six education in this academic year. You may have heard from the news that a great number of Form One places are cut due to the streamlined arrangement of the Education Bureau. It severely affects the chances of Band One students' allocation of secondary schools that use English as medium of instruction (EMI), especially in Yuen Long district. However, the placement results of Gigamind are encouraging. All our P.6 graduates have got the EMI school places eventually. The placement results for all graduates would be announced in our special publication issued tomorrow.
